

THE GRAND HOTEL

At The Grand Hotel Malahide, giving back to our community is at the heart of everything we do. We are proud to support a number of meaningful causes close to our hearts, from mental health awareness and compassionate end-of-life care, to protecting Ireland's native woodlands for future generations. These partnerships reflect our commitment to the wellbeing of our people, our community, and our environment.

The Grand Hotel proudly supports:

Malahide Darkness Into Light in aid of Pieta House

Darkness Into Light is one of Ireland's most powerful mental health movements, and we are proud to support its Malahide chapter. The annual sunrise walk raises vital funds for Pieta, an organisation dedicated to suicide prevention and self-harm intervention. By walking together at dawn, our community sends a collective message of hope, solidarity, and compassion to those who need it most.

St Francis Hospice

St Francis Hospice provides specialist palliative care to people in Dublin North and surrounding areas, including right here in Malahide. Their dedicated teams deliver expert care with dignity and warmth, supporting not only patients but the families who love them. We are honoured to support an organisation that makes such a profound difference during life's most difficult moments.

Hometree

Hometree is an Irish native woodland charity on a mission to restore Ireland's ancient forests for people, wildlife, and climate. Through community planting projects and conservation work, they are bringing native trees back to the Irish landscape one root at a time. Supporting Hometree reflects our commitment to a greener future and our responsibility to protect the natural environment that makes Malahide such a special place to live and visit.
